

SRI SEDAYA NEWS

January/February 2004

Dear Parents/Guardians and Friends,

Welcome back Sedayans! Warm greetings from the staff of Sekolah Sri Sedaya to our old students and new students. Special thanks to parents and well-wishers for the greeting cards, mandarin oranges and cookies for the Chinese New Year.

Thank you all for your goodwill and generous tokens of appreciation.

The academic year 2004 has started off well for Sekolah Sri Sedaya. Our student enrolment has increased tremendously. For this, we have to thank the parents for their kind support and good faith in the school.

The following are the updates of the happenings and developments in the school.

FIRST DAY OF SCHOOL

The first day of school was on January 5th. There was an assembly to welcome the new and old students back to Sekolah Sri Sedaya. The school planned a program aimed to make the new students feel at ease in their new school.

Students with their parents listening attentively

Teachers were introduced to the primary and secondary students. Students were placed into their respected classes. Class teachers familiarized them with the school rules and showed them around the school premises. The secondary students had an "ice breaking" session to get to know their peers and teachers better.

Primary and Secondary teachers waiting to be introduced to parents & teachers

CHINESE NEW YEAR

In line with the celebration of Chinese New Year, the Chinese Society organised a project to sell mandarin oranges to students wishing to send dedication to teachers and friends. For each dedication a Chinese New Year card was sent to the receiver.

The Chinese Society celebrated the Chinese New Year with songs and dances during assembly. A medley of Chinese songs was performed by Phnuah Chia Ling (keyboard) and Akil Hassan (guitar). A Chinese fan dance

act was presented by Jacky Loo Hui Wen, Lew Ying Hui, Foo Wan Lee and Foo Wan Yung during the performance. After the performances the secondary students were each given a symbolic red packet for good fortune.

The graceful fan dance...

SPORTS ATTIRE

The school is encouraging Primary and Secondary students to wear their sports attire to show support for their house colours. The teachers are also encouraged to wear their respective house colours to promote their sports houses thereby building team spirit.

The Primary teachers and students will wear their sports attire on Thursday while the Secondary teachers and students will wear their sports attire on Friday.

YOUNG ENTREPRENEUR CLUB

The Young Entrepreneur Club has started a store known as Y.E.S next to the secondary block lift selling stationery. The store is to promote entrepreneurship among the students in the club. The store allows the students to understand how a business is operated.

The students will also experience the running of the store and how to sell the goods. It is the only club opened for both Primary and Secondary students. It is open during the primary and secondary lunch. From Monday to Thursday Primary club members will be in charge of the store during the primary lunch break from **12.20 to 12.50pm**. Secondary club members will be in charge of the store during the secondary lunch break from **12.50 to 1.20pm**. On Fridays the primary club members will be in charge from **11.20 to 11.50am** and secondary club members will be in charge from **11.50 to 12.20pm**.

Customers checking out the items...

The young entrepreneurs engrossed in their business...

One interesting feature of the store is that students and teachers are encouraged to invest in the company by subscribing to the shares offered. At the end of the year dividends will be paid to the shareholders. In this way we hope to groom our students to be our future entrepreneurs and managers.

The motto of the Young Entrepreneur store:
 "A Store owned by the students
 Run by the students
 For the students
 So say Yes to **Y.E.S'**"

| Day | 3.30-4.30pm | 4.30-5.30pm | Level | Fees *Monthly |
|-----|--|---------------------------------------|----------------------|--|
| Tue | Young Entrepreneur Club | Cub Scout Karate | P4-6 P1-6 | RM60 |

QUANTUM LEARNING

Mark Liew from Supercamp Learning conducted a workshop to the Form Three and Five students on 9 February. This workshop was to bring passion and fun to the learning process thus enabling students to have a synergistic approach to the learning process in the classroom.

Mark Liew is a facilitator from SuperCamp Learning promoting the use of Quantum Learning methodology. Students were taught how to learn better during class and how to gain the most out of the subjects. Accelerated learning skills and in class tools were taught to the students on how to use these methods to perform well in their PMR and SPM.

The students enjoyed the lively session judging from the laughter and spontaneous responses.

EDUSMART

Sekolah Sri Sedaya offers tuition and supervision classes to help the primary students in their subjects from 3.30pm to 5.30pm. During supervision students will be asked to complete their daily school homework. This enables students to have more time to spend with their family when they go back home. Tuition is provided for the UPSR subjects which are Bahasa Melayu, English Language, Mathematics and Science. Students will also get to revise the topics as preparation towards UPSR. The following is the Edusmart timetable:

| Day | 3.30-4.30pm | 4.30-5.30pm | Level | Fees *Monthly |
|-----|-----------------------|-------------|-------|------------------|
| Mon | Supervision | Supervision | P1-3 | RM70 |
| | English Tuition | | P4 | RM40 |
| | Science Tuition | | P5 | RM40 |
| | Bahasa Melayu Tuition | | P6 | RM40 |
| | Chinese Tuition | | P4-6 | RM35 |
| Tue | Supervision | Supervision | P1-3 | RM70 |
| | Mathematics Tuition | | P4 | RM40 |
| | Bahasa Melayu Tuition | | P5 | RM40 |
| | English Tuition | | P6 | RM40 |
| | Chinese Tuition | | P4-6 | RM35 |
| Wed | Supervision | Supervision | P1-3 | RM70 |
| | Science Tuition | | P4 | RM40 |
| | English Tuition | | P5 | RM40 |
| | Mathematics Tuition | | P6 | RM40 |
| | Chinese Tuition | | P4-6 | RM35 |
| Thu | Supervision | Supervision | P1-3 | RM70 |
| | Bahasa Melayu Tuition | | P4 | RM40 |
| | Mathematics Tuition | | P5 | RM40 |
| | Science Tuition | | P6 | RM40 |
| | | | P4-6 | RM35 |

No classes are held during public and school holidays. All cheques are to be made payable to **SEKOLAH SRI SEDAYA.**
